About Guiding Star Global

Guiding Star Global is India's leading education consultancy. We offer free education counselling and other additional support to students aspiring to pursue their higher education overseas.

Guiding Star Global was founded in 2017 to bridge the gap between the specific needs of individual students and the requisites stipulated by international universities. Guiding Star Global has over 100+ illustrious partner institutions from across the globe.

Since our inception, we have facilitated admissions for over 2,000+ students in various universities and colleges worldwide. With such credentials pointing to the fact, Guiding Star Global truly has a global outlook.

Founded on the belief that education is the key to unlocking a brighter future, Guiding Star Global was established with a clear vision: to provide students with expert advice and tailored strategies that lead to academic and personal success. Our team of seasoned educators, former admissions officers, and professional counselors brings a wealth of experience from top institutions worldwide.

Guiding Star Global is a well-known entity established in the year 2017 in the field of sending students abroad for higher education. Over years, our student visa application success rate has been one of the highest. Those who have availed themselves of our services become our unsolicited promoters as they voluntarily, emphatically and enthusiastically recommend Guiding Star Global and only Guiding Star Global to those who like them pursue dreams of academic achievement in foreign universities.

At Guiding Star Global we believe that studying abroad is a huge investment and thus it is important that every student gets accurate and well researched advice so that he/she is successful in fulfilling his/her long term career goals. We have set up a unique resource to give a step-by-step guidance for the entire process. Our organization has a single-minded focus, to guide students to the best possible institutions, thus enabling them to build their future.

MISSION AND VISION:

To become the nodal point of contact for students and parents for all kind of study abroad in India by facilitating the updated information and recommending right course for all students, we want to make international education accessible for all the students.

We want to remain the most authentic, transparent, and reachable consultant in India. We wish to continue developing healthy relationship with students and setting a new heights and standard in the industry.

Study In India

Our professional counselors help students and parents choose a college, university or other program that is the perfect match, one that will foster the student's academic and social growth. We give student an individual attention and knowledge of hundreds of opportunities. We provide you with all vital information about the institutes that offers course as per your requirement and also help you get the admission in college of your choice.

Study Abroad

We believe that studying abroad is a significant investment. Therefore, it is essential that every student receives accurate, well-researched guidance to successfully achieve their long-term career goals.

To support this, we have developed a unique, structured resource that provides step-by-step guidance throughout the entire process—from choosing the right university to final admission and beyond.

Our organization is driven by a single-minded focus: to guide students toward the best possible institutions, empowering them to build a strong and successful future.

Why Choose MBBS Abroad

-  Wider Opportunities
-  Cost-Effective Education
-  Global Exposure
-  Advanced Infrastructure & Practical Training
-  English-Medium Programs
-  Globally Recognized Degrees

Top Countries for MBBS Abroad

“MBBS Abroad is not an alternative—it’s a smart pathway to achieve your dream of becoming a doctor.”

While competition is increasing, opportunities and variety of careers are also increasing rapidly. There is no such thing as a “ideal” career with the best “scope.” If you choose your course of study and your career, based on what you are good at, you will always be successful. Very often we are pushed into jobs

and careers which are not suitable for us.

Choosing the right career is one of the most important decisions in a student’s life. At our organization, we provide expert guidance to help students make informed and confident choices about their future.

Our counselling process is designed to understand each student’s interests, strengths, and long-term goals, ensuring a personalized approach to career planning.

We offer:

- ✓ One-on-one counselling sessions
- ✓ Stream and course selection guidance
- ✓ Country and university shortlisting
- ✓ Complete admission support
- ✓ Step-by-step guidance for studying in India and abroad

With the increasing competition in exams like NEET, JIPMER, JEE Main, JEE Advanced, and KCET students often feel confused and overwhelmed. Our experienced counsellors simplify the process and provide accurate, well-researched advice at every stage.

Our goal is simple—
to guide students toward the right path, the right institution, and a successful future.

Soft Skills and Corporate Training

We believe in the power of learning. We believe that soft skills are the most important skills for individuals as well as

business personnel. If you are looking for ways to enhance or improve your soft skills then you have come to the right place. If your dream is to become a confident person with all the skills that can help you shine at your workplace, you are at the right place. Although, soft skills and corporate training is not new idea having the best skills depends solely upon the curriculum. Before understanding the curriculum much in detail, let us counter how soft skills and corporate training can give you an ace in your career.

As you know, in a corporate, you have to be smart enough to understand the needs and demands of your employer. Also, sometimes you have to be a leader and guide your subordinates. And in this professional field, great soft skills can give you an upper edge over other employees. But whenever you search for the best soft skills training course, then you can lean your head on us with trust. Here we will share with you detailed information about the soft skills training curriculum which will help to build better personality and relationships in a professional environment.

The major soft skills are listed below

- 1 Interpersonal Skills
- 2 Communication Skills
- 3 Time/Stress Management
- 4 Conflict Management
- 5 Body Language
- 6 Leadership Skills
- 7 Problem Solving
- 8 Team Management
- 9 Decision Making
- 10 Business Etiquette

Integrated Foundation Program

Integrated Foundation Program (IFP)
for Classes VI to XII

Program designed for competitive entrance exams from VI to X along with regular school schedule. It empowers young minds to explore and innovate helping them to identify their core strengths and to pursue their goals in a focused manner.

Our objective is to create an awareness amid students and help them complete with confidence in the Competitive Exams. Our mission is to guide students realize their goals and evolve successful in their aspirations.

Foundation course aims to make students competent enough to handle the future competitive entrance exams like NEET, JEE Main, AIIMS etc. Making concepts simple to understand helps in building a strong foundation from an early age. These concepts are followed by solved examples that enhance further grasp of the theory. In all, these foundation courses are designed to help you master the concepts.

Why Does One Need a Foundation Course in Grades 6-12?

It is believed the earlier a student prepares, the better will be the performance. We all know classes' 6th to 10th acts as the foundation years of a child's education, which play a decisive role in helping them to choose a suitable career path. Class 6 onwards new concepts of maths and

science are introduced, which are new to us. Sometimes these concepts are easy to understand, whereas many a time we find it extremely difficult to understand them or understand the logic behind them. This is where Foundation course comes into play.

Education Partners

We have established strong partnerships with leading and globally recognized medical universities. Here are some of the esteemed institutions we work with to help students achieve their dream of becoming successful doctors.

We partner exclusively with universities that are approved by the National Medical Commission (NMC) and recognized by the World Health Organization, giving our students the confidence of studying at globally

Distance Learning/Online Education

Distance education is an alternative method to regular university education. It's a time saving process, especially for students who have already jobs and want to continue their education. Distance education allows a student to pursue qualifications and higher education without having to attend regular classes.

Students can study at their own pace using a virtual classroom. Today, distance learning is quickly becoming a popular option among students.

We provide a variety of Post Graduate Diploma, Diploma, and Certificate Program in areas such as Business Management, Education, Legal Studies, Healthcare, International Business, Information Technology, Banking and Finance, and Entrepreneurship Development

Failed in 10th or 12th? Don't worry. We guide you in completing your education through recognized and valid boards under Council of Boards of School Education in India, helping you get back on track toward your career goals.

If you had to discontinue your education due to personal or professional reasons, we're here to help. Complete your qualification through recognized education boards in India, with flexible options that allow you to continue working while you study.

Our Team

Abdul Kareem

Founder & Admission Director

MBA | Marketing Professional | BPO Operations Expert |
Soft Skills Trainer | Career Guidance Counselor

With 18 years of diversified professional experience, I have built a strong career across Marketing, BPO Operations, Training & Development, and Career Counseling. My expertise lies in driving business growth, developing high-performing teams, and guiding students and professionals toward informed and successful career paths.

I have successfully handled multiple roles—from managing marketing campaigns and client relations to training workforce teams and mentoring students. My communication skills, leadership ability, and strategic mindset enable me to deliver impactful results across industries.

Fathima

Co - Founder

Fathima is a dedicated academic professional with over 8 years of experience in administration and student support roles across reputed colleges. She holds a Master of Commerce (M.Com) degree, which adds strong academic and analytical depth to her work.

During her administrative tenure, she efficiently managed institutional operations, coordinated academic activities, and supported faculty and student-related processes with consistency and professionalism.

As an Educational Counselor, Fathima has guided countless students in choosing the right courses, colleges, and career pathways. Her ability to understand student aspirations and provide clear, empathetic, and practical guidance has made her a trusted mentor among students and parents alike.

With a blend of academic expertise, strong communication skills, and a student-centered approach, Fathima continues to play a significant role in shaping the educational journeys of aspiring learners.

Why us?

We do not function as a study abroad consultancy. Instead, we work in association with Athena Institute of Management and Science to support medical students through specialized coaching programs.

Our primary focus is to provide FMGE coaching for students pursuing or completing their MBBS abroad, helping them successfully qualify and practice in India.

🎓 Our Program

At our Bengaluru campus, we offer structured coaching for the Foreign Medical Graduate Examination, designed to:

- ✓ Strengthen conceptual understanding
- ✓ Provide exam-oriented preparation
- ✓ Offer expert faculty guidance
- ✓ Conduct regular tests and performance tracking

📍 Our Commitment

Through our collaboration with Athena Institute of Management and Science, we aim to ensure that every student is well-prepared, confident, and capable of clearing FMGE and building a successful medical career in India.

"A Glance of Athena"

Apesha
Customer
"I was completely confused about my options after NEET, but the guidance I received here helped me make the right decision. The team was supportive throughout the process and always available to answer my questions."
★ 5

Sanjay R
Customer
"Thanks to their honest and clear counselling, I was able to choose the right path for my MBBS journey. I really appreciate their transparency and commitment."
★ 4

Praveen N
Customer
"The step-by-step guidance made everything easy—from choosing the right university to understanding the entire process. I felt confident at every stage."
★ 5

Sangeeta Patel
Customer
"I had discontinued my studies and didn't know how to continue. Their team guided me properly and helped me get back on track without affecting my job."
★ 4

Ayushman
Customer
"The best part is their genuine approach. They don't mislead students and provide accurate information, which is very rare in this field."
★ 4

Sania Ta
Customer
"The FMGE coaching support and mentorship have been very helpful. The faculty and team truly care about student success."
